

## DIRECTIVE 2015 / 863 / EU RoHS III

Since 31 March 2015, the European Union amended the Directive 2015/863/EU. This directive, known as the "Restriction of the use of Hazardous Substances" (RoHS 3), regulates the use of certain hazardous substances in electrical and electronic equipment.

The RoHS Directive, which was implemented on 1 July 2006, restricts the use of 10 (ten) substances in products and equipment sold in European countries.

The 10 (ten) hazardous substances listed in this directive and their maximum permitted weight limits are the following:

|                                |        |       |
|--------------------------------|--------|-------|
| lead                           | Pb     | 0.1%  |
| mercury                        | Hg     | 0.1%  |
| cadmium                        | Cd     | 0.01% |
| hexavalent chromium            | Cr(6+) | 0.1%  |
| polybrominated biphenyls       | PBB    | 0.1%  |
| polybrominated diphenyl ethers | PBDE   | 0.1%  |
| bis(2-ethylhexyl) phthalate    | DEHP   | 0.1%  |
| Butyl benzyl phthalates        | BBP    | 0.1%  |
| dibutyl phthalate              | DBP    | 0.1%  |
| diisobutyl phthalate           | DIBP   | 0.1%  |

None of these substances are included in the materials sold by BIBUS METALS. All materials supplied by BIBUS METALS comply with the RoHS Directive on the restriction of the use of certain Hazardous Substances.
